I am Mrs Morse and Co,

Believe me I sure have naut
Canandaigua Lake this summer
altho we have been having a
wonderful time here. The last few
days we have been rather gay and
merry for we have taken a regatta
two weeks and a picnic. By the way
the "Big Four" as everyone on the lake
has named us. you can imagine how
it fits which may be that the other
three are much bigger than I.

In the last week or two we have
been out in the state timber doing
running work. Sherman would like
to see some such timber. It was
mostly like a park. Our camp was
among a group of giant pines on the
bank of the Oswegatchie river. This
river is full of trout and we caught
all we could eat. We knew it came
breakfast time one man could fish
and catch them faster than the one
cooking could cook them.

Tell Dr. every morning in such a

letter
